

Thanks to Zadig Website!

<http://zadig.akeo.ie/>

USBasp updates!

1. Open the Zadig.exe.
 2. Select 'USBasp'.
 3. On the Target Driver, Select 'libusbK (v3.0.7.0)'.
 4. Click the Reinstall Driver.
- Done. You may now use your gizDuino miniUSB in Arduino 1.8.5 latest version!
