

Digital voltmeter module

Technical Manual Rev 1r0

This is a Digital Voltmeter works up 4.5 V to 30V DC used for measurement.

General Specifications:

Measurement range voltage: 4.5V ~ 30VDC

Working Current: <23mA

Working Temperature: -10C - 65C

Permissible error: 1% (+/- 1 digit)

Display mode: 3 digit 0.36" LED digital tube

Color Display: RED segment

Wire: Two

PCB Dimensions: 14.5mm x 23mm x 9mm
